

**REPORT OF BELL ATLANTIC ON
COMPLIANCE WITH MERGER CONDITIONS**

FEBRUARY 1, 1999

TABLE OF CONTENTS

Condition No. 1	Bell Atlantic shall prepare and provide Performance Monitoring Reports that include the performance measures set out in Appendix D of the Merger Order.	1
Condition No. 2	Bell Atlantic shall undertake commercially reasonable efforts (1) to implement industry standard interfaces for use by carriers purchasing interconnection to obtain access to operations support systems within 150 days of merger approval (or 180 days after approval of the standard); (2) to implement uniform interfaces within the former NYNEX and pre-merger Bell Atlantic regions, respectively, within 120 days of merger approval; and (3) to offer uniform interfaces region-wide within 15 months.	4
Condition No. 3	Bell Atlantic shall conduct operational testing of the carrier-carrier interfaces used by carriers purchasing interconnection to obtain access to operations support systems.	9
Condition No. 4	Bell Atlantic shall offer carriers certain optional payment plans for the non-recurring charges for interconnection and (for carriers with less than \$2 billion in annual telecommunications revenues) collocation.	11
Condition No. 5	Bell Atlantic shall provide shared transport as an unbundled network element at usage-sensitive rates based on forward-looking costs.	12
Condition No. 6	Rates that Bell Atlantic proposes for interconnection and unbundled network elements shall be based on forward-looking economic costs.	12
Condition No. 7	Bell Atlantic shall engage in good faith negotiations with carriers purchasing interconnection in response to reasonable requests to establish performance standards.	14
Condition No. 8	The merger conditions sunset 48 months after Commission approval of the merger.	15
Condition No. 9	Bell Atlantic shall negotiate supplements or amendments to existing interconnection agreements as needed to incorporate these conditions.	16
